***The second studio album by Brynovsky, fronted by Jamaican lead singer Leroy Jones***

Time is Now takes Scotland-based songwriter and producer, Tim Brynovsky to new heights.
Leroy (aka Jah Dave) was an original member of Jamaican band The Congos and has worked with reggae artists like Gregory Isaacs, Horace Andy, Johnny Clarke and Dub Syndicate. Leroy joined Brynovsky in 2012.

With the addition of Edinburgh singer Idana, who was given her name by the great Lee 'Scratch' Perry, this 12 track LP sees the trio carve out their own brand of 21st Century reggae fusion.

Rich in vocal harmonies, Time is Now is dominated by the blend of Leroy's soulful vibrato and Idana's smooth, sonorous alto. Sweet instrumentation, songcraft and bass-driven tracks from Tim provide the mellifluous canvas. Get it in 2014.
